Candidate Questionnaire

1. Why are you running and what are your major campaign issues?
2. Do you believe that private property is protected by the Constitution?
Yes / No
3. Regulations and restrictions have severely impacted many private property owners. Will you carefully consider this effect when voting?
Yes / No
4. Have you ever attempted to gain a building permit for anything?
Yes / No
Where? What year?
5. There is tension between government protection of the environment and ownership of private property. Will your votes reflect a reasonable balance?
Yes / No

6. Many environmental regulations restrict the use of private property and can adversely impact a family's use and value of their property. Should the perceived public benefits of these restrictions be disproportionately borne by private landowners?

Yes / No

7. Many wetland delineations are controversial and not based on valid science. Do you favor reviews that force these delineations to meet legal and peer reviewed scientific definitions before allowing restrictions?

Yes / No

8. The Growth Management Act (GMA) was meant to have 13 equal and balancing goals. However, environmental concerns often get disproportionate attention to the neglect of goals like protecting private property, economic development, reasonable permitting, etc. Will you help restore the intended balance?

Yes / No

9. Do you support the use of eminent domain for economic development or private use?

Yes / No

10. What is your current job situation and time availability for this campaign?

11. Have you previously signed, or will you now sign our CAPR Pledge? (attached)
